AMENDMENT

Commissioner for Patents
Washington, DC 20231

Sir:

The following amendment and remarks are submitted in response to the Office
Action dated June 26, 2002.

IN THE SPECIFICATION

Please amend the specification as follows:

The paragraph beginning on page 1, line 9, has been amended as follows:

a'
The present invention relates to rotary direct current electric motors, more particularly to motors having first and second annular ring members concentrically arranged about an axis of rotation and separated from each other by a radial air gap, one of the members comprising separate magnetically isolated wound electromagnetic pole groups.
